moved there, a fine boy having been  
born at his house.

Hamm Brothers have purchased the  
General Merchandise stock of the  
Southern Mercantile Company at Hy-  
attsville, and will continue to carry a  
full line of goods.

Options are yet being taken for the  
Government building and, those on  
the inside claim that we are sure to  
get it. That and the new school  
building will add materially to our al-  
ready beautiful and growing city.

### Trials.

Judge Ford held June Wren, who is  
charged with burning the Nuckles'  
barn, to answer before the grand jury,  
in a bond of \$200, which he gave.

Hani Broadus, colored, charged with  
killing another colored man named  
Cubb, waived examining trial and was  
committed to jail.

### Card of Thanks.

We want to thank our many friends  
for their kindness to us in the dark  
hours of trouble in the loss of our dear  
husband and father. May every one  
be rewarded in that happy land above.  
Mrs. Elizabeth Jackson and family.  
Bryantville, Ky.

Mrs. W. F. Heger, who moved from  
Wayne county to a farm recently  
bought by her husband near Bryant-

### Art Instructions.

Miss Sadie Elkin will open a studio at  
the Graded School building January  
31st, where she will give instruction  
in china decoration, oil, water color  
and pencil drawing. Miss Elkin has  
spent her entire life in this commu-  
nity and has had a private class here  
several years. By her efforts she has  
done much to awaken interest in the  
study of art in her native county. She  
avails herself of every opportunity to  
study, having recently had lessons  
from Mrs. Leonard of N. Y. We be-  
speak for her a most liberal patronage.

Read The Garrard Milling Co.'s ad  
at the top of the third page.

Little William, second son of Mr.  
and Mrs. Chas. W. Anderson has been  
dangerously ill of whooping cough.

### Week.

The train due here Saturday night  
at 8:26, did not arrive until 10 o'clock  
Sunday, on account of the engine  
leaving the rails near Lowell. The  
engineer and mail clerk were bruised  
slightly.

A large crowd saw Durno at the  
Court House Wednesday night and  
were thoroughly pleased with the en-  
tertainment. Next entertainment  
will be the Kell Litchfield Comedy  
Company, February 7th, seats on sale  
at McRoberts drug store.

The Woman's Club meeting at Mrs.  
J. A. Amon's this week was unusual,  
in interest as well as subject. Italian  
opera was discussed, Viridia score of  
Il Trovatore being the one selected.  
All the world knows and loves "Ah! I  
have sighed to rest me." This one  
theme has sufficed to make his name  
famous.

### Over \$400,000.

The work of the County Supervisors  
shows the total property of the county  
to be \$5,790,882, the increase and value  
on property being over \$400,000 above  
the property of the preceding year.  
This is the result of the knowledge of  
our productive soil being made known  
throughout the country.

### Court Day.

A large crowd was in town Monday  
and business was lively. Few cattle  
were on the market, but prices were  
good. A number of mules sold from  
\$100 to \$225.

G. A. Swinebroad bought a pair of  
two-year-olds at \$325; I. F. Naylor sold  
a two year old for \$160, and bought

pair of six year old mare mules to W.  
B. Burton for \$400; H. K. Berndon  
bought a nice pair from Mr. Dean for  
\$300.

### Smith-Doty.

While their many friends were ex-  
pecting the event, yet the marriage of  
Mr. E. B. Smith and Miss Hattie Doty  
came as a surprise Saturday evening.  
So well did they guard their intentions  
that their closest friends did not  
know of the arrangements. Shortly  
after supper they drove to the Meth-  
odist parsonage where the ceremony  
was said by the Rev. Mr. Grutchfield.  
The bride is the eldest daughter of Mr.  
Jesse Doty, of Lancaster, and has re-  
sided in Richmond for several years.  
By her sweet disposition and manners  
she became a great favorite with our  
people who wish her well in her new  
station. She is a young woman of  
great industry and many noble traits  
which insure for the fortunate groom  
an ideal helpmeet. Mr. Smith has re-  
sided in Richmond for some years,  
where as editor of the Postgraph he  
has won many friends. He is a man  
of ability and energy, and is worthy of  
the noble woman who has entrusted  
her welfare to him. The couple have  
rooms at Mrs. Miller's on West Main  
street. The climax joins in every  
good wish for a life of happiness.—  
Richmond Clinax.

The Record endorses the above and  
adds that she was a great favorite here  
with everybody.

bership, when so choosing, attending

orders respectively. Front pews of

for the different orders as church  
guests, on the occasion.

Rev. C. O. Brown preached an im-  
pressive and unusually appropriate  
sermon Sunday evening at the Presby-  
terian church on "Why people do not  
go to church?" He placed the per-  
centage of attendance at about a sixth  
or an eighth of the entire member-  
ship in a community of this size, and  
gave as a reason that the laity did not  
fully realize the motive that should  
take them to the Sanctuary, a desire  
to worship the Lord God Almighty.

### To Make Hens Lay.

ments found in various grains, needs  
and grasses which causes the food to

most revered octogenarians, is quite

National Bank, belonging to the Bark-  
ley estate, Jessamine county, sold to  
T. B. Walker at \$108.00 per share,  
which shows the thriving condition of  
this splendid institution.

ance Company has begun business at  
Birmingham Alabama and all the  
Southern States will be under manage-  
ment of Mr. Geo. D. Durdett, formerly  
of this place, who is fifth vice pres-  
ident, and has located there. It began  
business under most auspicious circum-  
stances.

### County Court.

In Judge Ford's court Monday, the  
wills of Mrs. Pattle Kinnaird and Mr.  
Tira Harris were probated. The for-  
mer bequeathed all of her property to  
her two daughters, Misses Kate and  
Lillian. Capt. W. I. Kinnaird qual-  
ified as administrator with the will an-  
nexed.

Mr. Harris gave all of his property to  
his sister, Mrs. R. K. Denton.

property have incorporated under the  
name of the Pilgrimage Tobacco Com-  
pany, with Banks Hudson, President;  
R. I. Burton, Vice President; W. R.  
Cook, Treasurer and J. M. Farra, Sec-  
retary and General Manager.  
The above corporation will transact  
a larger volume of business than any  
concern in this part of the country.

### Entertains C. W. B. M. Auxiliary.

Mrs. Kauffman entertained in her  
hospitable home, the members of the  
C. W. B. M. Auxiliary in honor of Mrs.  
Walter Beazley, of Los Angeles, Cal.  
Mrs. Beazley was the first president of  
the Auxiliary and this fact and her  
long residence in the West made the  
meeting full of interesting incidents  
and delightful reminiscences.

After an hour most pleasantly spent  
refreshments were served. Mrs. Kauf-  
man's home is always a charming cen-  
ter for friends, and this occasion was  
not an exception.

### Kinnaird.

On Wednesday night, nineteenth,  
Mrs. Pattle W. Kinnaird, age 83 years  
died at her home on Danville avenue.  
Although she had been in ill health  
for sometime, her death was a shock  
to her devoted children and the an-  
tire community, in which she was  
known and held in the highest esteem,  
on account of those excellent traits of  
character which adorn pure and noble  
womanhood. On Friday Rev. C. C.  
Brown, pastor of the Presbyterian  
church, of which she was an active  
and devoted member, conducted fun-  
eral services at the residence, and, in  
the presence of many friends and a  
large and distinguished relationship,  
the body was buried in Lancaster  
cemetery.

She was the widow of the late W. H.  
Kinnaird, a bank cashier and well  
known throughout the country. She  
was a niece of Gov. Letcher and re-  
lated to Hon. Samuel McKee. Five  
daughters and three sons survive her,  
Misses Kate and Lillian, Mrs. Maria  
Kirby and Dr. J. B. Kinnaird, of this  
city, Mrs. Mary McDonald, of Dan-  
ville, Mrs. Wm. Burnside, of Barbour-  
ville, and Capt. W. J. and McKee Kin-  
naird, of Middlesboro, all of whom  
have contributed their part to the  
good citizenship of the communities  
in which they live.

Deceased was active in every cause  
that tends to beautify and elevate  
human life, and her kind words and  
comforting deeds will live in eternity,  
in harmony with the principles which  
prevail in the abode of Angels.

### School Notes.

In spite of the bad weather the  
school attendance has been quite good  
for the month of January. We have  
enrolled twenty seven new pupils since  
Christmas. Some of the rooms now  
have about sixty pupils, making it  
necessary to purchase a few new desks.

We are pleased to report that class  
work has been good, and that few need  
to be apprehensive of failure in the ex-  
aminations which come Thursday and  
Friday next.

Miss Mae McGee who is filling the  
place, from which Mrs. Burnside re-  
signed, has a large music class.

Several former students visited us  
Monday morning. Miss Mary Elmore  
of the class of 1908 has entered the  
Normal School at Richmond.

The School Board has arranged to  
meet an architect this week who will  
present plans and estimates, either  
for remodeling the old school building,  
or erecting a new one. It is hoped  
that his proposal will meet with such  
favor that we can begin to make plans  
for the needed improvements, so as to  
have everything in readiness by Sep-  
tember 1st. Many other towns are  
making improvements, and unless we  
do something soon we shall find  
ourselves outstripped by our  
neighbors. If we expect to make ar-  
rangements with the County School  
Board to take the County School pupils  
we must make provision for their ac-  
commodation.

## The Meanest Man in Town

Is the one who always wears a frown, is cross and disagreeable, and is short and sharp in his answers. Nine cases out of ten it's not the poor fellow's fault, it's his liver and digestion that makes him feel so miserable, he can't help being disagreeable. Are you in danger of getting into that condition? Then start at once taking Ballard's Hurdine for your liver—the safe, sure and reliable vegetable regulator. Sold by R. E. McRoberts.

Each one occupying lucrative positions and some of the boys are active church workers.

## A Wild Bizzard Raging

brings danger, suffering—often death to thousands, who take colds, coughs and laryngitis—that terror of Winter and Spring. Its danger signals are "stuffed up," nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-grinding cough. When Grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss., "after being laid up three weeks with Grip." For sore, lungs, hemorrhages, coughs, colds, Whooping Cough, Bronchitis, Asthma, and all other lung troubles, Dr. King's New Discovery is the only remedy.

## HALL CAIN'S PORTRAIT.

Clyde Fitch, the noted playwright, was painting the portrait of the past. "He has merged now," said Mr. Fitch, "into the playwright, the novelist, or the leader writer. We don't have reporters like him now. Their power is too soon recognized. They rise too fast. And hence the new columns suffer."

Mr. Fitch took down one of his sketchbooks.

"Here is a sample of the way reporters used to write. It's very good and amusing," he said. "It's a description of Hall Cain. Listen."

And he read:

"When he removed his slouch hat he showed long hair brushed back a la Pompadour. It has the shade of maple sugar, and it is getting thin on the top. He had an enormous collar with a turndown flap three inches deep. He could wear a collar at least five sizes smaller without choking. His white necktie was tied so carelessly that the knot part of it hung two or three inches south of the collar button."

AN EYE TO FUTURE BUSINESS.

Minister—Who was that fellow talking to you so earnestly in front of the church to-day?

Sexton—That's Mr. Huster, the famous divorce lawyer.

Minister—What did he want?

Sexton—He offered me \$10 to pass around his business cards to all the bridegrooms who are to be married here this month.

The Usual Program.

A slipp, a whizz, a cloud of dust

And past you the joy-riders hurtle;

And then you call an ambulance.

An auto has turned turtle.

Same Shade.

"Seems to be a college over there on the hill."

"So it is."

"I wonder what the college colors are?"

"There is only one color—black."

"I don't understand."

"All the students at that college used to be pekaninies."

Quite Simple.

"How are Grayce and Maude getting along now?"

"Admirably. They haven't quarreled for a week."

"How does that happen?"

"Well, you see, Grayce is out of town."

THE REASON WHY.

"John, why did you buy this book for Willie? I've read it through and it is pure nonsense. It isn't worth wasting one's time over."

"I bought it for Willie, my dear—not for you. That's the reason I was so careful about its being pure nonsense."

Inexcusable.

Some must work and some must play.

But this I note:

There is no reason that I know

Why some must rock the boat.

## Farm and Stock.

Registered Jersey Bull  
Season 1910 at my farm.  
11-14-11

Ben Herriott, a wizard with a saddle colt, says the lad that tames Highland Pandango (Kerrett Parson's colt) this season will think he's been to a horse show. He's entered in that big sale at Lexington, Ky., February 14 to 19th.

There is no danger of overstocking the dairy cow market so long as the systematic robbing of the herds by the disposal of the calves continues. When cows sell for from \$50 to \$70 at public sales, it seems like folly to hurry off the calves for a few dollars a head.

The cow that is making from two to three pounds of butter each day should not be turned out in a yard in the cold to exercise, else her butter yield will drop. If put in a roomy stall and tending she can move around and lie down comfortably, she will get all the exercise necessary. Heavy milking dairy cows never voluntarily take exercise.

R. E. Goddard, of Harrodsburg, owner of Red Leaf, was in town Monday. He said that he was going to sell Red Leaf in the Kentucky Sales Co.'s sale at Lexington, February 14 to 19. This stallion is highly thought of in this county and all know he is a good one, being the sire of Ben Hur, who was first prize at Midway Garden.

### CARTERSVILLE.

Mr. John Davi is very sick at this writing.

Dr. G. S. Redwine and family have moved to this place.

Mr. Andy Conn, sold to Mr. Wm. O. Myers, a mule for \$75.

Miss Mae Allen is the guest of Mrs. Caleb Todd, of Berea.

Mr. Tim Pennington, of Polky's Bend, was the guest of his brother-in-law, Mr. Bud Caldwell.

Mr. and Mrs. Thomas Allen have moved to their new home on Mr. George Allen's farm.

Mr. and Mrs. J. T. Sowder, of Berea, was called to the bedside of their son, Mr. John Sowder who is very low.

In sad but loving remembrance of our beloved friend Mr. John Calico, Sr., who departed this life Friday, January 14th. He only lived a few days being 77 years of age. He was a kind and loving old man, and loved by all who knew him. He will be greatly missed by his many friends and relatives. He leaves to mourn their loss a wife and several children and grandchildren, some of Kentucky and some of Tennessee.

## NOTES FROM MEADOWBROOK FARM

By William Pitt

Alfalfa makes dairying profitable.

It is useless to plant clover on wet soil.

The life of the honey bee is very short.

Few plants will grow without air in the soil.

Clover and legumes do not succeed on lands that are sour.

The fall of the year is the best time for setting peony plants.

Gasoline has recently gained considerable reputation as a vermifuge.

The peony is one of the best and most popular of all our early flowering plants.

It is not a good plan to plant the same field to the same crop two years in succession.

The wise farmer wants assurance on the soil of any land that he may contemplate buying.

When the timothy crowds the clover entirely out the following crops of timothy are usually very large.

Farms where the soil is thin, and practically must be bought over by the cost of fertilizers, are not a good investment.

Acidity may be overcome by applying from 500 to 1,000 pounds of lime per acre, or by the use of flints or ground shells.

Reports have been received that about 5,000 homestead entries were filed in Montana during the first six months of 1909.

No other people set so high a value on good soil as the Hollanders, and we are learning that not many acres, but rich ones, make the profitable farm.

Clover fields that are thin may be seeded to timothy for a crop next summer by sowing the clover field now to timothy and harrowing in the seed.

The roots of the cowpea penetrate rather deeply into the subsoil and enable the plant to feed upon the mineral food that is not readily extracted by other crops.

A common variety of intestinal worm which is a source of much annoyance to horses and which calls for special attention just now is popularly known as the pinworm.

An effective remedy for potato blight has been found in Bordeaux mixture, which consists of four pounds of copper sulphate and five or six pounds of fresh lime in 60 gallons of water.

All milk must be cooled to a temperature not above 55 degrees within two hours after being drawn, and kept thereafter below that, and must be cooled to 50 degrees or less if not delivered at the creamery twice a day.

Live stock farming does not always mean diversified farming, and some forms of live stock farming may become as objectionable in many ways as a form of farming in which a single crop is grown for sale.

One of the most serious objections to a single crop system of farming is the effect it has on the fertility of the land. Our best agricultural lands will stand exploitive farming—that is, farming without any attention to fertility—for about two generations.

Agricultural teachers have urged diversified farming for many years, but with little effect, until the appearance of the boll weevil. This insect made cotton farming very precarious and has led to radical modifications in the systems of farming prevailing in that section.

The soy beans make the best hay if cut when the pods have formed and the lowest leaves have turned yellow; but for seed the cutting should not be until half the leaves have turned yellow. Even the soy bean straw is a valuable feed. Animals relish the hay and thrive upon it.

The silage goat, like all goats, can make a living on brushy and hilly land, where most other animals would starve. They are very beneficial to land in cleaning it of weeds, sprouts and brush. They cannot endure low wet land, but thrive perfectly on rough, hilly land. Those giving milk should be fed on good grass, hay, clover and wheat bran, but no grain of any kind.
